Radio Sailing Boat Suppliers

DF95 Yachts	IOM - International One Metre Yachts
Just starting out? a DF95 yacht maybe a good place to start. A One Design boat designed in the UK and made in China by Joysway, that can be purchased from a number of different suppliers. <i>New Ones:</i> Search online for 'DF95 Radio Controlled Yacht'.	These yachts are fantastic to sail and slightly larger than the DF95. The advent of 3D printing with ever more durable materials makes accessibility a few weeks instead of months. Competitive new ones available from: • Alioth 3D Printed RC Yachts – Affordable IOM 3 D Printed Kits • Kantun www.sailboatrc.com • Proteus: John Arundell arundelljohn1@gmail.com • Venti www.vinaixayachts.com • Vickers https://www.vickersrcsailing.com
Used versions are sometimes be available – talk to your class captain or members who may be able to help. See also: Model Yachting Association website or Facebook	

Note:

This is not a definitive list. Suppliers enter and leave the market from time to time
