About Emsworth Radio Sailing

Emsworth Radio Sailing ("ERS") is the name taken by a Group of Radio-Controlled Model Yacht Racing enthusiasts who began to organise racing between themselves with International One Metre yachts (IOM) on the Mill Pond at Emsworth, Hants in the 1990's. From a few participants who were members of either Emsworth Sailing Club (ESC) or Emsworth Slipper Sailing Club (ESSC) the group has grown, and now includes sailors who are not members of either yacht club. In 2018 the group adopted the DragonFlite 95 (df95) class radio boat. In 2021 the Corinthians group sailing IOM class boats was added, to cater for those members with a social focus on a racing activity.

The group has no management responsibility for the Slipper Pond nor the premises from which the Group sails. The Mill Pond is managed by Havant Borough Council (HBC) and the sailing clubs (ESC and ESSC) manage their premises.

The group has no employees, clubhouse or buildings and uses the pontoon facilities of either ESSC or ESC or public footpaths from which to conduct its racing.
